Greetings Sandy,

In regards to the first comprehensive MHSA evaluation RFP, the second version of the RFP (CAMHSA_RFP_Outline_for comment_06162010 (2).doc) calls for the proposer to "*convene a stakeholder advisory group* (see page 4)" that includes, among others, "*clients and family members, and representatives of underserved, unserved, and inappropriately served groups*."

PLEASE ensure that the Stakeholder Advisory group remains a required element of the RFP! It is critical to keep the evaluation grounded in pratical and real world experiences as viewed by the end users.

Thanks you.
Dr. Woods
