

**Mental Health Services Oversight and Accountability Commission (MHSOAC)
Detailed Calendar of County Requests, Information, and Opportunities for Participation—Evaluation**

This document provides a detailed month-by-month list of MHSOAC evaluation project activities going on during 2014 that may be helpful for counties to be aware of. It includes approximate dates on which the MHSOAC (or our constituents) will be contacting counties to request information, data, or participation in various evaluation projects. It also includes opportunities for counties to engage in MHSOAC evaluation-related activities, including training and technical assistance and provision of feedback on reports and draft deliverables. This document also lists information that pertains to MHSOAC-related involvement in and upkeep of statewide data collection and reporting systems.

Please note that many activities are listed/duplicated over several months. This provides an approximate window of time during which counties may be asked to participate in an evaluation activity. It does not infer that counties will need to be involved in the activity over that entire window of time.

In the column labeled “Brief Activity Description”, we have provided information regarding whether each activity is voluntary versus mandatory, and whether each activity pertains to all counties or just a subset of counties.

We are providing this document to counties in order to provide advance notice regarding our needs for county-level participation or awareness regarding evaluation-related projects that are going on. We will do our best to update this document on a regular basis and will send out an updated version to all county Mental Health Directors and MHSOAC Coordinators when a new version is available. This document will be disseminated via the MHSOAC county-level list serv. If you wish to be placed onto this list serv, please email MHSOAC@mhsoc.ca.gov with “subscribe to counties” in the subject line.

For a brief overview of county-level involvement in MHSOAC evaluation-related projects throughout 2014, please see the associated document titled “Quick View of County Involvement in MHSOAC Evaluation Activities”.

If you have any questions about the contents of this document or would like further clarification regarding the projects and activities listed below, please contact Dr. Renay Bradley, Director of Research and Evaluation at the MHSOAC, at renay.bradley@mhsoc.ca.gov or 916-445-8726.

Dates associated with project activities are subject to change.

January 2014

Project Title	Type of County Involvement	Relevant Dates	Brief Activity Description
Mental Health Data Alliance – CSI IT Project	<input type="checkbox"/> Request for data/results <input type="checkbox"/> Request for feedback (e.g., on reports) <input type="checkbox"/> Training/TA opportunity <input type="checkbox"/> Information only <input checked="" type="checkbox"/> Information on statewide data collection & reporting systems (e.g., changes to those systems)	January 2014	<p>MHDA will provide a one-time report to each county with basic county-level information (e.g. annual counts of total clients, special population clients, services, service types, lengths of service, diagnosis, etc) comparing two recent years of CSI data.</p> <ul style="list-style-type: none"> • All counties will receive a report • No action needed by counties
Peers Envisioning & Engaging in Recovery Services (PEERS) – CPP Evaluation	<input checked="" type="checkbox"/> Request for data/results <input type="checkbox"/> Request for feedback (e.g., on reports) <input type="checkbox"/> Training/TA opportunity <input type="checkbox"/> Information only <input type="checkbox"/> Information on statewide data collection & reporting systems (e.g., changes to those systems)	January 2014	<p>PEERS will develop an inventory of CPP processes that have been implemented locally and will be contacting county representatives to collect information on these processes.</p> <ul style="list-style-type: none"> • Mandatory • All counties will be expected to participate
MHSOAC Collection of CSS Outcomes	<input checked="" type="checkbox"/> Request for data/results <input type="checkbox"/> Request for feedback (e.g., on reports) <input type="checkbox"/> Training/TA opportunity <input type="checkbox"/> Information only <input type="checkbox"/> Information on statewide data collection & reporting systems (e.g., changes to those systems)	January 2014	<p>MHSOAC will collect, summarize, and publicize results of county-sponsored evaluations focused on assessing the effectiveness of CSS treatment programs in producing positive outcomes for individuals and families served</p> <ul style="list-style-type: none"> • Mandatory • All counties will be expected to participate • Counties will be contacted and asked to update and add to information that is available to the MHSOAC via Three-Year Plans and Annual Updates
