Issue:

The CLCC Policy Workgroup's goal is to complete the CLCC Charter activity # 2, "Obtain updated utilization data from the Department of Mental Health (DMH) for 2008-09 and 2009-10 to compare to baseline data for 2003-04. Additionally, there will be comparisons with data from 2007-08 to determine progress of reducing disparities in the Mental Health System. Share data with the Evaluation Committee."

Background:

At the March 7, 2012 CLCC meeting, the membership suggested establishing three workgroups to complete the 2012 Charter activities. At the April 24, 2012 CLCC Offsite meeting, tentative workgroups were established. After the meeting, the Committee Chair asked members who were interested in serving on one of these workgroup to submit their names to the MHSOAC staff. This is the first meeting of this workgroup and recommendations or decisions reached will be presented to the full Committee at its next meeting on August 15, 2012.
