

Draft Client and Family Leadership Committee Recommendations for MHSOAC Meeting Accessibility (Developed at 8/17/11 CFLC Meeting)

1. MHSOAC Meeting Location Recommendation: (Staff suggests that the CFLC pick either “a” or “b” below or have a majority and minority opinion.)
 - a. Since the CIMH meeting site is frequently crowded and youth and other clients may not feel at ease in a crowded space, and since disabled people have difficulty moving around at the CIMH site, the CFLC recommends that the MHSOAC move from the CIMH meeting site to a larger site.

or
 - b. Since CIMH has an excellent sound system, no cost parking, and good access to a market, the CFLC recommends keeping the MHSOAC meetings at the CIMH site.

2. Specific Recommendations:
 - a. The CFLC recommends having childcare, public transportation, and water and food available at Commission meetings.
 - b. The CFLC recommends recording, archiving recordings, and streaming MHSOAC meetings.
 - c. If the MHSOAC moves its meeting site, the CFLC recommends having MHSOAC meetings near low cost food purveyors.
 - d. The CFLC recommends having a meeting site with a bigger lobby for recharging during meetings. Some CFLC members thought that the CIMH site, with its new lobby, may be adequate.
 - e. The CFLC recommends inviting the hard of hearing community to MHSOAC meetings and providing American Sign Language interpreters.
 - f. The CFLC recommends inviting other disabled communities to MHSOAC meetings. The California Foundation for Independent Living Centers (CFILC) could assist with outreach efforts.
 - i. The CFLC recommends that announcements regarding access be made at MHSOAC meetings.
 - j. The CFLC recommends that the MHSOAC should make it clear that the Commission values comments by stakeholders and the public.

Note: Chair Vega will present initial CFLC accessibility recommendations to the MHSOAC on March 22, 2012..
