**Issue:**

The 2012 Evaluation Committee Charter includes the activity "*Ensure evaluation efforts are available and useable to support the Commission's role in oversight and accountability.*" The Evaluation Committee has been invited to review and provide feedback regarding current efforts evolving on the MHSOAC website to make evaluation reports more available to better support the Commission's role in oversight and accountability. In addition, the Committee will brainstorm ideas for future efforts.

**Background:**

At the February 2012 Evaluation Committee meeting recommendations were provided to expand availability and usability of completed MHSOAC evaluation efforts to support the Commission's role in oversight and accountability. The development of the Evaluations Tab that is now accessible on the MHSOAC website is the result of the committee's recommendations.

Please review the Evaluations Tab on the MHSOAC website and provide feedback on the accessibility and design to make evaluation reports available to support the commission role in oversight and accountability.
