

X INFORMATION

TAB SECTION: 2

___ ACTION REQUIRED

DATE OF MEETING: 11/14/12

PREPARED BY: Lyon

DATE MATERIAL PREPARED: 11/7/12

AGENDA ITEM: Update on Evaluation Activities Including Use of FY 2012-13
Evaluation Resources

ENCLOSURES: Power Point: Update on MHSOAC Evaluation Activities and Use
of FY 2012-13 Resources

OTHER MATERIAL RELATED TO ITEM:

Issue:

The Committee will be provided an update of current evaluation efforts that are in progress and the status of the use of the FY 2012-13 evaluation resources intended for evaluation efforts soon to be underway.

The update will include the most recently released RFP seeking proposers to use a participatory research process to conduct an evaluation of the Mental Health Services Act (MHSA) community planning processes (CPP). This RFP is the result of evaluation priority recommendations for the use of FY 2012-13 evaluation resources with the primary goal to evaluate the impact and effectiveness of the CPP process for quality improvement purposes.

An additional RFP was also recently released to seek proposers for the client stakeholder contract to work with local communities to inventory (among other deliverables), the local planning process. Although this RFP is not a result of the evaluation priority recommendations for the use of FY 2012-13 resources, it is seeking proposers who will eventually work with the Evaluator awarded the RFP described above to assist with and carry out specific facets of that project.
