

MHSOAC Community Forum History

In 2010, the Community Forums were in their first developmental stage and the forums were conducted theater style with the Client and Family Leadership Committee at the front of the room. In 2011, at Roseville, a Community Forum Workgroup was introduced and the forum continued to be conducted theater style with the Workgroup at the front of the room. Since the Roseville forum, the forums have grown significantly in size and have broken up into smaller discussion groups to foster a “safe space” for dialogue.
