ISSUE:

The Evaluation Committee has formed a workgroup to review Evaluation Master Plan objectives that pertain to strengthening statewide data collection and reporting systems and consider steps needed to achieve those objectives and develop a new statewide data collection and reporting system. This workgroup will meet on a continual basis; this initial meeting is intended to consider and outline steps that the Workgroup and others should take toward achieving the objectives outlined in the Evaluation Master Plan. Workgroup facilitator, Renay Bradley, will report on the workgroup's discussion, highlighting preliminary long- and short-term goals identified by the group and proposed next steps within this process.
