Agenda Item 4 Presentation:

At the April 15, 2014 meeting, the Committee will be provided an update regarding the MHSA Issue Resolution Process.

The MHSA Issue Resolution Process that is initiated by the Department of Health Care Services (DHCS) requires that the local issue resolution process be exhausted before accessing State venues such as the Mental Health Services Oversight and Accountability Commission (MHSOAC), DHCS or the California Mental Health Planning Council (CMHPC) to seek issue resolution or to file a complaint or grievance. Each county has adopted an issue resolution process for filing and resolving issues related to the Mental Health Services Act community program planning process and consistency between program implementation and approved plans.

The enclosed report titled, Mental Health Services Act Expenditure Report Fiscal Year 2014-2015, references that the DHCS has responsibility to review issues submitted through the Issue Resolution Process.
