Evaluation Activities

The attached document titled, "Mental Health Services Oversight and Accountability Commission (MHSOAC) Summary of MHSA Evaluation Deliverables, 8/18/2011" has been updated to include the most recent amendments to the deliverables for the Phase 2, Phase 3, and PEI Evaluation. The Summary also includes the deliverables to be provided by University Enterprises regarding the data system supports. The attached document titled "Deliverables for Data System Supports Fact Sheet" provides the background and summary of the deliverables for this evaluation activity.

An additional evaluation activity is an interagency agreement with the Department of Mental Health (DMH) and The Regents of the California, Los Angeles (UCLA) to provide data collection and delivery of services regarding the California Health Information Survey (CHIS). The term of the contract is April 1, 2011 to June 30, 2013.

The activities, deliverables and responsibilities included in the contract are:

- 1.) Fielding mental health modules in the 2011 CHIS for the adult and adolescent samples
- 2.) Delivering CHIS data to DMH
- 3.) Producing publications addressing mental health issues in California based on analyses of CHIS data.
- 4.) Developing mental health questionnaire content for CHIS 2013, and including mental health content in CHIS 2013.

UCLA will collaborate with the UC Davis Center for Reducing Disparities (UCD-CHRD). A subcontractor will collaborate with UCD-CHRD on the analyses and development of the publications to DMH no later than the end of FY 2012-13.

Publications will include approximately four (4) policy briefs with the final topics and format determined by UCLA in collaboration with DMH. Publication topics may include:

**(continued)**

- 1.) An analysis of CHIS 2009 data on suicide ideation and suicide attempts among adults in California.
- 2.) Mental health status, needs and service utilization among the elderly
- 3.) Psychological distress and health behaviors among California adolescents
- 4.) Mental and emotional health among California veteran's population
- 5.) The relationship between mental health and chronic disease in California
