OTHER MATERIAL RELATED TO ITEM: None

- **Background:** This item will include discussion of CFLC suggestions for a strategy for distribution, translation, and publicity for the Client and Family Driven Transformation Policy Paper. At the August 17, 2011 CFLC Meeting, the CFLC approved staff suggestions and developed strategy for distribution, translation, and publicity for the Transformation Policy Paper. Both staff and CFLC suggestions are presented in a document today for consideration by the CFLC.
- Also, strategy for translation of the Transformation Paper and distribution of the translated document may be discussed. Staff recommends that the Transformation Paper be initially translated into Spanish and be made available on the MHSOAC website with links on the homepage and announcements page. Staff also recommends translations into other languages be based on demand. Further translated paper distribution may be discussed by the CFLC.
