

# Mental Health Workforce Education and Training

## Five-Year Plan Community Forums

The Office of Statewide Health Planning and Development (OSHPD) wants your feedback on the next Mental Health Workforce Education and Training (WET) Five-Year Plan, 2014-2019. This Five-Year-Plan guides the development of public mental health workforce strategies – at state, regional and local levels – toward an integrated mental health service delivery system. Via 14 community forums, OSHPD seeks feedback on:

- Engagement and employment of mental health consumers and family members in the mental health workforce;
- Engagement and employment of diverse, racial, ethnic, and underrepresented communities in the mental health workforce;
- Incentives to recruit and retain students to mental health careers;
- Education and training programs for mental health providers (expansion, curriculum);
- Reduction of stigma associated with mental illness in the workforce; and
- Regional collaboration on mental health workforce development strategies.

### Community Forum Dates, Locations, and Times:
