The Commission's Structure

- 9 public members; 4 legislative members
- Bipartisan
- Independent
- Volunteer
- Public Process

The Commission's Purpose

- To investigate state government operations and – through reports, recommendations and legislative proposals – promote efficiency, economy and improved service.

The Commission's Study Process

PROMISES STILL TO KEEP: A DECADE OF THE MENTAL HEALTH SERVICES ACT

REPORT #225, JANUARY 2015

LITTLE HOOVER COMMISSION
*DEDICATED TO PROMOTING ECONOMY AND
EFFICIENCY IN CALIFORNIA STATE GOVERNMENT*

Recommendation 1

The Legislature should expand the authority of the Mental Health Services Oversight and Accountability Commission.

Recommendation 2

To provide greater oversight and evaluation of the state administrative funds, the oversight commission should annually develop recommendations for and consult with the Department of Finance before the finds are allocated.

Recommendation 3

To make MHSA finances more transparent and make it easier for voters, taxpayers and mental health advocates, consumers and their families to see how and where the money is spent and who benefits from its services, the Mental Health Services Oversight and Accountability Commission should add to and update material on its website.

Recommendation 4

To promote meaningful accountability of the MHSA, the state needs access to reliable, timely information that allows it to monitor effective progress toward the act's goals.
