By, Rusty Selix, Executive Director of Policy and Advocacy for Mental Health America of California.

**ENCLOSURES:** "Four Pathways for Prevention and Early Intervention (PEI): Health Plans, Schools, Workplaces, Internet"**OTHER MATERIAL RELATED TO ITEM:** None

---

**ISSUE:**

The "Four Pathways for Prevention and Early Intervention (PEI): Health Plans, Schools, Workspaces, Internet" paper discusses the potential for achieving PEI goals by building PEI programs around four primary settings or gateways: 1) Health Plans, 2) Schools, 3) Workspaces and 4) The Internet.

The Services Committee is charged with; continuing oversight of Statewide PEI Projects and to receive updates on program activities, and to "Support the work of the Student Mental Health Task Force on Integration of Schools Services and Behavioral Health." The discussion of this paper will:

- Facilitate committee members understanding of issue related to charter items.
- Provide Mr. Selix with suggestions and feedback to further develop the document or the concepts within the document.
- Recommend whether the document should be moved forward to review by the Commission.
