MHSA General Standards

1. *Item 15: Community Collaboration:* a process by which clients and/or families receiving services, other community members, agencies, organizations, and businesses work together to share information and resources in order to fulfill a shared vision and goals (Title 9, California Code of Regulations, §§3320 and 3200-060)
2. *Item 16: Cultural Competence:* incorporating and working to achieve each of the goals listed below into all aspects of policy-making, program design, administration, and service delivery. Each system and program is assessed for the strengths and weaknesses of its proficiency to achieve these goals. The infrastructure of a service, program, or system is transformed, and new protocol and procedure are developed, as necessary to achieve these goals. (1) Equal access to services of equal quality is provided, without disparities among racial/ethnic, cultural, and linguistic populations or communities.(2) Treatment interventions and outreach services effectively engage and retain individuals of diverse racial/ethnic, cultural, and linguistic populations.(3) Disparities in services are identified and measured, strategies and programs are developed and implemented, and adjustments are made to existing programs to eliminate these disparities.(4) An understanding of the diverse belief systems concerning mental illness, health, healing and wellness that exist among different racial/ethnic, cultural, and linguistic groups is incorporated into policy, program planning, and service delivery. (5) An understanding of the impact historical bias, racism, and other forms of discrimination have upon each racial/ethnic, cultural, and linguistic population or community is incorporated into policy, program planning, and service delivery. (6) An understanding of the impact bias, racism, and other forms of discrimination have on the mental health of each individual served is incorporated into service delivery. (7) Services and supports utilize the strengths and forms of healing that are unique to an individual's racial/ethnic, cultural, and linguistic population or community. (8) Staff, contractors, and other individuals who deliver services are trained to understand and effectively address the needs and values of the particular racial/ethnic, cultural, and/or linguistic population or community that they serve. (9) Strategies are developed and implemented to promote equal opportunities for administrators, service providers, and others involved in service delivery who share the diverse racial/ethnic, cultural, and linguistic characteristics of individuals with serious mental illness/emotional disturbance in the community. (Title 9, California Code of Regulations, §§3320 and 3200-100)
3. *Item 17: Client-driven:* the client has the primary decision-making role in identifying his/her needs, preferences and strengths and a shared decision-making role in determining the services and supports that are most effective and helpful for him/her. Client-driven programs/services use clients' input as the main factor for planning, policies, procedures, service delivery, evaluation, and the definition and determination of outcomes. (Title 9, California Code of Regulations, §§3320 and 3200-050)
4. *Item 18: Family-driven:* families of children and youth with serious emotional disturbance have a primary decision-making role in the care of their own children, including the identification of needs, preferences, and strengths, and a shared decision-making role in determining the services and supports that would be most effective and helpful for their children. Family-driven programs/services use the input of families as the main factor for planning, policies, procedures, service delivery, evaluation, and the definition and determination of outcomes.(Title 9, California Code of Regulations, §§3320 and 3200-120)
5. *Item 19: Wellness-, Recovery-, and Resilience-focused:* Planning for services shall be consistent with the philosophy, principles, and practices of the Recovery Vision for mental health consumers: To promote concepts key to the recovery for individuals who have mental illness: hope, personal
